Toowoomba

MATCH COURT PARTNER PACKAGE

\$2,000 (excl GST)

The Hooper Accountants Toowoomba International is a multi-award-winning event of international standard delivering a week of entertaining tennis and associated community activities including all the fun and colour of the Opal Advice Corporate Challenge.

Sanctioned by the International Tennis Federation (ITF) the international standing of the Toowoomba Tennis International is best highlighted when considering the list of past champions since the events inception in 2012. Our champions have represented the USA, Hungary, Czech Republic, Japan, Sweden, Canada and Australia. We are expecting another strong international contingent to contest the Men's and Women's Draw in 2019.

An exciting opportunity exists for local businesses to establish a partnership with this highly regarded professional tennis tournament by becoming a Match Court Presenting Partner. The 2019 Hooper Accountants Toowoomba International is building as a focus of community engagement targeted towards enhanced event participation and visitation. A key element of this planning is the development of a new partnership with Hope Horizons and a targeted tennis participation program which will generate greater engagement in the community.
